FEBRUARY 2019

Principal Points

We are now well into the third nine weeks of school and it is a great time to touch base with your child's teacher for an "academic" checkup. Please feel free to contact your child's teacher or the school to gauge your child's progress towards mastering grade level expectations. A partnership with the school is necessary for development of the whole child and these relationships are part of Riverside's mission. Continue to celebrate the effort your child is making and build self-esteem. Talk openly with your child about their successes and challenges. Together we will build children who are successful in future endeavors. As always, feel free to contact Riverside with any questions or concerns.
