

THE BEAR FACTS

Riverside Elementary Bears PTA

MISSION STATEMENT

“Educate and Empower Children for Future Success”

Principal Points

We are soon to be in the fourth nine weeks of school. Help your child stay diligent in their studies and remember to encourage your child to read and let them see you read. Children who are read to have a more developed vocabulary which increases their ability to comprehend. As always, feel free to contact Riverside with any questions or concerns.

Patti Holden
Principal

Riverside BEARS PTA

New PTA Officers

Our March PTA meeting will be on the 16th. We will be electing new officers for the upcoming 20-21 school year. We need at least five people to volunteer to be part of the NOMINATING COMMITTEE BOARD. If you are interested, please contact PTA. Please see the attached 20-21 PTA application.

PTA Thank You's

Thank you to everyone who made Kiss the Goat a great success!

Substitute of the Year

POTOCKI-LUPSKI PTLS Syndrome

Potocki-Lupski Syndrome, better known as PTLs, is a genetic disorder characterized by a micro duplication of chromosome 17. One of Riverside's very own 2nd grade students, Arianna Hayley, was diagnosed with PTLs when she was 1 year old.

Please join us on Friday, March 6th to support the PTLs gene! Please donate \$1 or more to help fund important research of PTLs.

Sunday, March 8th is World PTLs Awareness Day.

The genetic key to a life full of possibilities!

For more information on PTLs, please visit ptlsfoundation.org
